

IZERA PARK

GUIDE TO ŚWIERADÓW ZDRÓJ

IZERA PARK

Swieradow Zdroj is a unique place that combines spa qualities with picturesque landscapes and a rich recreational offer. It is an ideal place for those seeking relaxation, health regeneration, active time in nature and those eager to discover the cultural and historical attractions of the region. Here the holiday season lasts all year round.

IZERA PARK

Świeradów Zdrój and the Jizera Mountains are known as Bicycle Land. Here every lover of two wheels will find something for themselves, and the hit of recent seasons are the Single Track bike trails. If you prefer hiking, our neighborhood offers many scenic trails and hiking routes. Thanks to their gentle approaches, the Jizera Mountains are the perfect place for family mountain excursions. You can also discover the beauty of old times by strolling through the historic streets of the town, or the spa promenade of the Spa House with its pump room of mineral waters.

Traverse the snowy trails, and breathe in the mountain air and enjoy the stunning views. In Swieradow Zdroj you will find a variety of trails for skiers and snowboarders. Just 500 meters from our apartments, you'll have a 2.5-kilometer illuminated ski slope to Stóg Izerski with Poland's most modern gondola lift. If you're into cross-country skiing, we don't need to introduce Jakuszycka Glade, known as the Polish capital of cross-country skiing. More than 100 kilometers of trails of varying degrees of difficulty are organized.
